DENVER PUBLIC SCHOOLS
Facility Operations Supervisor of multiple schools

Triad keeps public schools “sparkling” clean day in, day out leading to student praise.

Situation / Problem

School classrooms, restrooms, and exteriors require daily upkeep, cleaning, sanitation, and maintenance. More than 80 classrooms, serving 2400+ students, must be wet mopped, cleaned, and “kept functional” for frequent nighttime community events followed by regular classes the next day, every day.

Why Was Triad Called In?

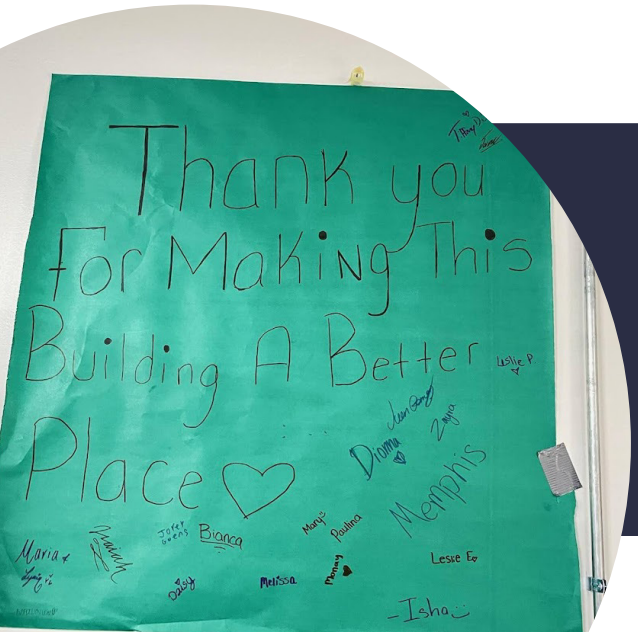
To raise the schools’ internal inspection ratings and maintain safety, cleanliness, and functionality at the highest level by executing and completing full daily checklists and communicating effectively.

Triad’s Approach

Frequent and detailed communication as well as onsite inspections, management and quality control by trusted Triad team leader. “The day-to-day communications is GREAT.”

Outcomes

Schools in Triad’s care achieving the highest possible internal cleanliness and safety ratings. “The hallways SPARKLE. The students, themselves, put a poster together thanking us for ‘making this a better place.’”



Follow-up

“We have to deliver for our students and community. So, at the end of the day, I ask myself, ‘Did I do my best?’ We DO deliver; the high school is our home-away-from-home and Triad is our partner.”

As a result of the strong delivery day in, day out, Triad is selected for Thanksgiving Break “catch up” projects which include tile floors, light fixtures, specialist rooms with special needs, and much more.
